

RELAY BRAND STRATEGY

Move Faster.

Seamless handoffs, every single time. Elevating operational velocity
for distributed teams.

01

Brand DNA

Defining the core purpose, target audience, and positioning of Relay.

OUR CORE PURPOSE

THE METAPHOR

The Relay Baton

In a race, the baton represents momentum. Our tool is the digital equivalent—ensuring that work never halts, context is preserved, and the next team member starts running at full speed instantly.

THE PROMISE

Seamless Handoffs

No dropped communication, no lost customer histories, no broken steps. We build the infrastructure for perfect alignment between marketing, sales, onboarding, and customer success.

OUR TARGET AUDIENCE

The Remote Ops Lead

Marketing and operations directors in fast-growing distributed teams.

- **Busy & Skeptical:** Tired of hyperactive SaaS marketing; demands clean toolsets that work reliably.
- **Critical Pain:** Spends up to 20% of their day manually chasing status updates and passing context down the line.
- **Core Goal:** Accelerate deployment cycles while maintaining strict process and brand consistency.

| VALUE PROPOSITION

Eliminate the Friction

Every transition in a business is a risk. When a lead goes from marketing to sales, or a customer goes from sales to onboarding, context drops. Relay bridges this gap entirely.

Our visual transition builder replaces fragile spreadsheets and endless Slack check-ins with reliable, automated triggers that keep teams perfectly aligned.

| "Move faster without losing brand consistency."

02

Identity & Design

Developing the voice, structural design rules, and visuals
behind the brand.

PERSONALITY & VOICE

Bold & Direct

We speak with total clarity. No buzzwords, no fluff, no hype. Like the modern operator, we respect efficiency and deliver information immediately.

Premium & Refined

Our aesthetic and voice reflect structural precision. We think in systems and design our presentation with high-contrast, premium layouts.

Action-Oriented

We don't theorize; we execute. Every piece of brand collateral drives toward clarity, automation, and standardizing repeatable team actions.

MARKET POSITIONING

OPERATIONAL FACTOR	LEGACY CHECKLISTS	PURE CHAT / SLACK	RELAY SYSTEM
Context Retention	Fragile & Manual	Lost in threads	Automated CRM sync
Accountability	None (Untracked)	Implied, not enforced	Explicit task ownership
Handoff Speed	Hours to Days	Ad-hoc / Delayed	Instant (Sub-second)
Risk of Dropped Work	Extremely High	High	Near Zero

THE VISUAL SYSTEM

-  Background/Off-White (60%): Clean space
-  Navy Structural (30%): Foundation & text
-  Coral Accent (10%): High-impact actions

Applying the 60-30-10 rule: coral must be used exclusively for key metrics and actions. Avoid large background fills with navy and coral to prevent visual tension.

THE OPERATIONAL GAP

Operational efficiency and context retention plummet by over 70% during standard handoffs. Relay standardizes these points to maintain peak velocity.

BRAND MESSAGING

- ✓ **The Core Proposition:** "Ship campaigns faster without losing brand consistency." Position Relay as the ultimate operational guardrail.
- ✓ **Product Position:** Focus on the concept of "The Relay Baton" rather than generic automation. Keep the messaging tangible and clear.
- ✓ **Audience Communication:** Deliver confident and clean statements. Avoid stock photography, excessive corporate jargon, or hype.
- ✓ **Premium Perception:** Make the user feel they are looking at a highly structured, premium operating framework. Keep visual clarity at all times.
